GRUPO AGROLÍBANO

AGROLIBANO STRENGTHENS ITS COMMITMENT TO ETHICS AND TRANSPARENCY

Agrolíbano reaffirms its commitment to ethics and transparency through the relaunch of its Code of Ethics. During this month, 137 employees participated in interactive workshops that covered corporate values, integrity, human rights, environmental sustainability, social responsibility, and the use of reporting channels. This initiative strengthens our organizational culture based on values and promotes a respectful and transparent work environment.

AGROLÍBANO EMPLOYEES RECEIVE POWER BI TRAINING

Six Agrolíbano employees successfully completed the Basic Power BI course, enhancing internal capabilities in data analysis and visualization. Led by an internal instructor, the course covered the creation of dynamic reports, integration of information sources, and design of interactive dashboards.

This training fosters innovation in data management and reinforces our commitment to organizational excellence and efficiency. Congratulations to the participants!

PROMOTING COMPREHENSIVE WELL-BEING: HEALTH AND WELLNESS WORKSHOP 2024

Between May and November, Grupo Agrolíbano conducted five comprehensive wellness workshops with the participation of 70 employees. The initiative provided practical tools to improve physical, emotional, and spiritual health, fostering a positive impact on both the work and family environment.

These workshops allowed participants to develop personalized wellness plans, promoting healthy habits and balance in their daily lives.

EMPOWERING GRAIN BANK MANAGEMENT

21 leaders from rural banks in 4 Valle communities participated in a key training imparted by Fundacion Agrolibano to improve the management and administration of grain banks. This training covered strategies to mitigate risks associated with storage and marketing, optimizing resources and strengthening food security in the communities.

Additionally, visits were made to four Grain Banks in Choluteca, providing support to improve infrastructure in one of them, emphasizing the importance of adequate storage spaces. This initiative contributes to the SDGs 1, 3, 5, 8, 10, 16, and 17.

CEPUDO STRENGTHENS FUNDACIÓN AGROLÍBANO INITIATIVES

On October 28th, CEPUDO made an important donation to the Fundacion Agrolibano, directly benefiting our activities and communities. 3,000 pounds of food were distributed in nutrition monitoring sessions for children under 6 years old. Additionally, reading glasses, sandals, and T-shirts were donated, essential to motivating community volunteers who drive sustainable development programs.

The donation also included medical supplies and medications, delivered to local health centers and the Honduran Foundation for Children with Cancer in Choluteca. This valuable contribution reinforces the Fundacion Agrolibano's commitment to achieving SDGs 2, 3, 16, and 17. Thank you, CEPUDO, for your continued support!

PROMOTING NUTRITIONAL HEALTH IN COMMUNITIES OF NACAOME

Fundacion Agrolibano reinforced its commitment to community well-being by distributing the nutritional supplement Incaparina in eight Nacaome communities through the PAIPI program. This food supplement is essential for the healthy development of children and to meet their nutritional needs.

During 42 home visits conducted by volunteers from the Health Committee and the PAIPI team, it was ensured that families received this important resource. This action contributes to the achievement of SDGs 2, 3, and 17, supporting a healthier and more sustainable future for the communities.

PROMOTING BREASTFEEDING IN LOCAL COMMUNITIES

Fundación Agrolíbano organized five breastfeeding sessions with the participation of 66 women from the Pregnant Women Club in El Porvenir and three health establishments in San Jerónimo, El Tular, and Guanacaste.

These sessions highlighted the benefits of breastfeeding, such as optimal nutrition, strengthening the immune system, cognitive development, and the emotional bond between mother and baby. Practical activities were also conducted to support successful breastfeeding, contributing to the prevention of malnutrition, diseases, and reducing infant mortality. This initiative contributes to the SDGs 2, 3, and 5.
